

BINARY HYBRID PREMIUM SERIES (BLACK) ACOUSTIC PANEL

€ 135.00

Music audition rooms, conference room, cinema, studios, pubs, etc. All need a surface that is efficient at absorbing. **Acoustic Panel Binary Hybrid PREMIUM SERIES** **absorbs** high frequencies and is tuned to 160 Hz. This product has been especially designed to be a main element in the construction of music rooms. Acoustics panels from europeacoustics.com is built in a box, which has a membrane manufactured by us. **Acoustics Panels** high performance panel, very easy-to-install. It was designed to absorb and reflex the incident sound on the back, front or side walls, reducing the low energy that is present in excessive levels at the point of hearing. Therefore, it reduces unwanted resonances and helps to accommodate and improve sound perception
